International Scouting Chile

Technological trends from Chile for the Bavarian economy

1. High export chances

2. High cooperation potentials

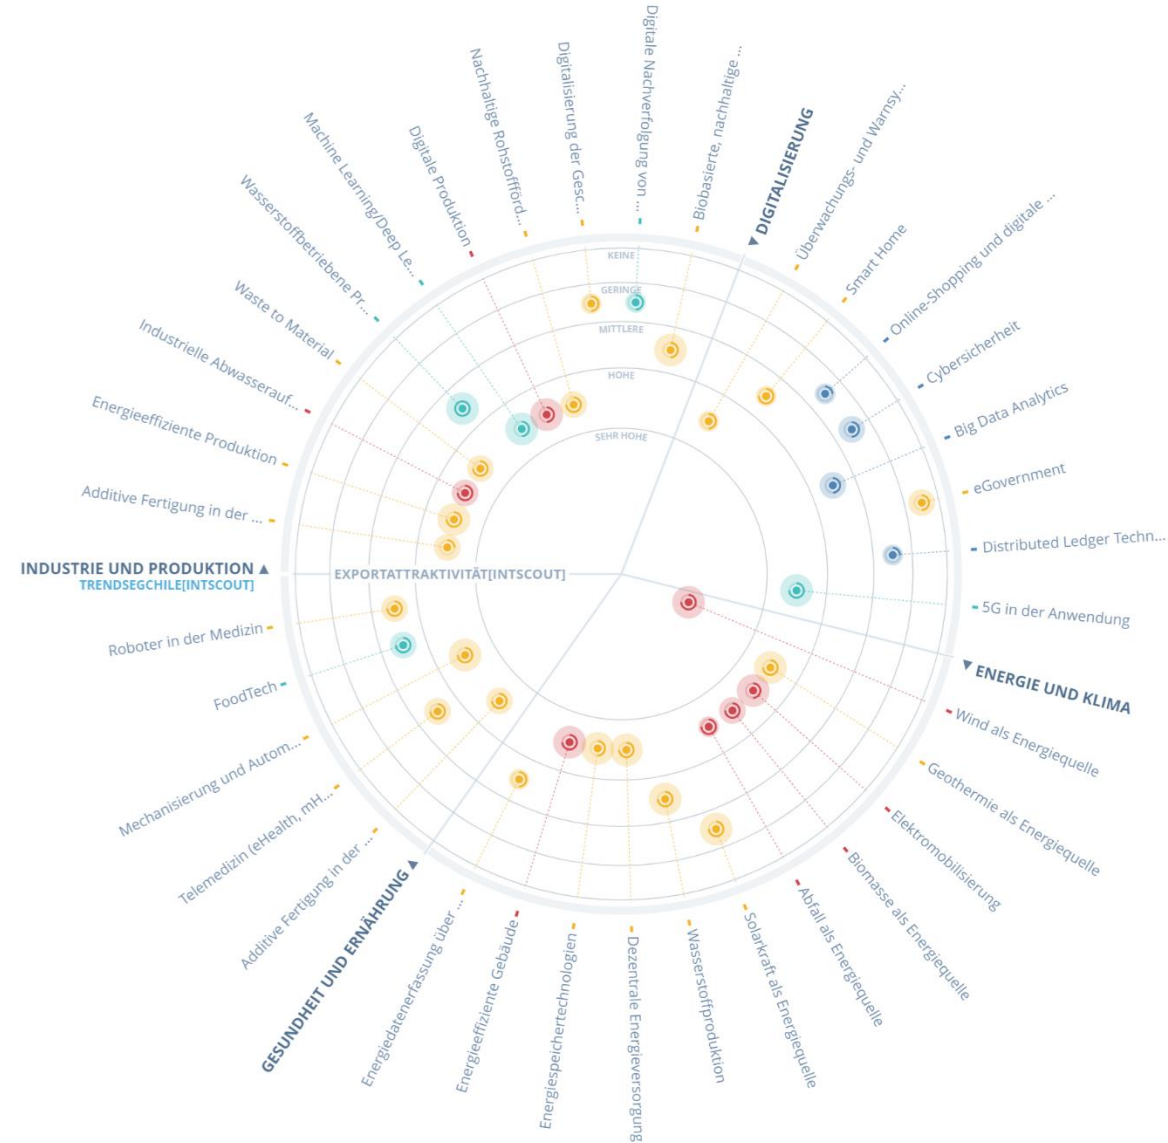

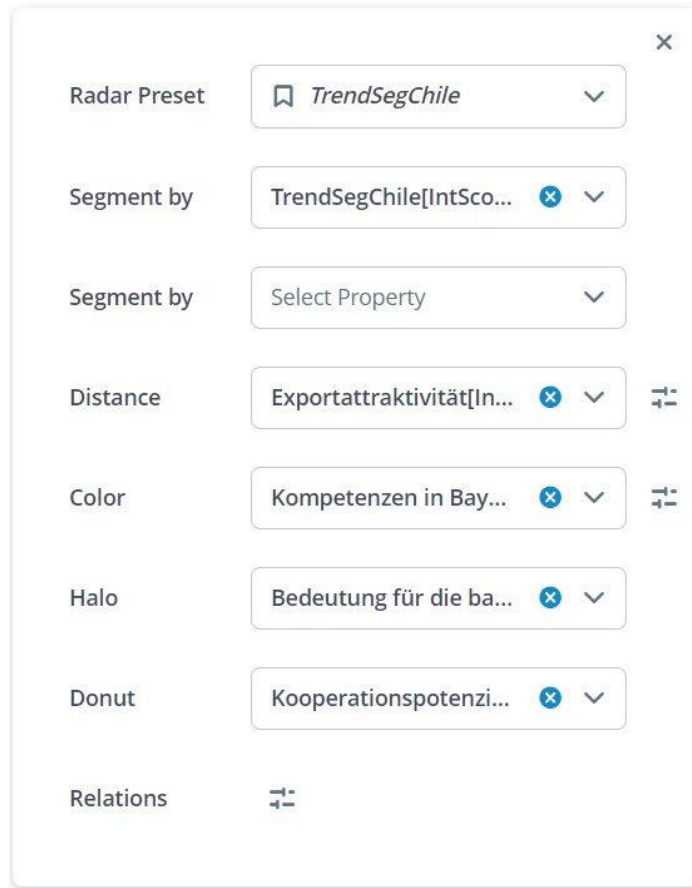

3. High import attractivities

4. Our top recommendations

1. High export chances

Trends where Bavarian technologies can generate added value in Chile

1. High export chances

Trends where Bavarian technologies can generate added value in Chile

↗ TREND
Wind energy

Competencies in Bavaria: **Series production**
Importance for the Bavarian economy: **Very important**
Cooperation Potential: **High**
Export Attractivity: **Very high**

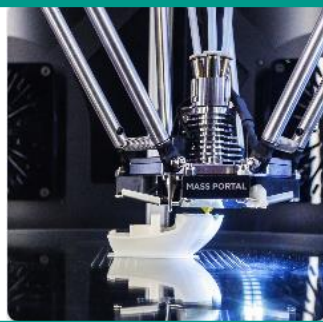

↗ TREND
Energy-efficient buildings

Competencies in Bavaria: **Series production**
Importance for the Bavarian economy: **Very important**
Cooperation Potential: **High**
Export Attractivity: **High**

↗ TREND
Additive manufacturing in medicine

Competencies in Bavaria: **First applications**
Importance for the Bavarian economy: **Important**
Cooperation Potential: **High**
Export Attractivity: **High**

↗ TREND
Biomass energy

Competencies in Bavaria: **Series production**
Importance for the Bavarian economy: **Important**
Cooperation Potential: **High**
Export Attractivity: **High**

1. High export chances

Trends where Bavarian technologies can generate added value in Chile

↗ TREND

Electromobility

Competencies in Bavaria: **Series production**
Importance for the Bavarian economy: **Very important**
Cooperation Potential: **Intermediate**
Export Attractivity: **High**

↗ TREND

Digital production

Competencies in Bavaria: **Series production**
Importance for the Bavarian economy: **Very important**
Cooperation Potential: **Intermediate**
Export Attractivity: **High**

↗ TREND

Industrial wastewater treatment

Competencies in Bavaria: **Series production**
Importance for the Bavarian economy: **Important**
Cooperation Potential: **High**
Export Attractivity: **High**
